## **SECTION I – PURPOSE/BACKGROUND**

### **Purpose**

- A. The City of Norfolk solicits proposals from qualified vendors to provide HIV/AIDS healthcare and supportive services under the Ryan White Part A/ Title I program. The Norfolk Transitional Grant Area (TGA) anticipates receiving federal grant funds under the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act of 1990 (PL 101-381) as amended by the Ryan White CARE Act Amendments of 1996 (PL 104-146) as amended by the Ryan White CARE Act Amendments of 2000 (PL 106-345) and further amended Ryan White HIV/AIDS Treatment Modernization Act 2006 (PL 109-415). The overall objective of the Ryan White CARE Act is to sustain and improve the health and protect the dignity of persons living with HIV and AIDS and encourage independent living. The Greater Hampton Roads HIV Health Services Planning Council has prioritized service categories and allocated a percentage of funds available under Ryan White Part A/Title I to each category. The Planning Council is comprised of representatives from various cities and towns (including PLWH/A) that make up the Norfolk TGA. The following jurisdictions are located inside the Norfolk TGA: North Carolina; Currituck County, Virginia; Norfolk, Virginia Beach, Portsmouth, Chesapeake, Suffolk, Hampton, Newport News, Poquoson, Williamsburg, York County, James City County, Gloucester County, Matthews County and Isle of Wight County.
- B. Eligibility of consumers for service is based on medical eligibility (positive HIV status), service need (covered service), insurance status (none, or under-insured), proof of residence in the Norfolk TGA and income below 400% of the Federal Poverty Guidelines.
- C. The City of Norfolk, acting as the administrative and fiscal agent (Grantee) for the TGA under CARE Act legislation, invites any qualified vendors to respond to this RFP by submitting a proposal for services in priority areas determined by the Greater Hampton Roads HIV Health Services Planning Council consistent with the terms and conditions herein set forth.

## **SECTION II – SCOPE OF WORK**

### **SPECIAL CONDITIONS**

Proposing organizations, if selected, are expected to offer services of professional quality, maintain proper programmatic and fiscal controls including appropriate independent audits, and submit reports in a timely fashion as required by the Ryan White Part A/Title I Grantee Office. Administrative costs, including indirect fees are limited to 10% by federal regulation.

Proposing organizations, if selected, are required to obtain, use and document meaningful input from persons served and other stakeholders. The intent is that the organizations use the input to direct its continuing process for improving organizational quality and service excellence. Examples of how to obtain this input are: Consumer Advisory Boards (CAB), periodic consumer and stakeholder satisfaction surveys, community forums and focus groups.

Proposing organizations, if selected, are required to have a working e-mail address. They must demonstrate cultural competency with the groups or subgroups they propose to serve. The areas of competence include, but are not limited to sexual orientation, racial, cultural, socioeconomic, and addictive status.

The Ryan White CARE Act allows funds to be used through contracts with "private for-profit entities if such entities are the only available provider of quality HIV care in the area."

## **PURPOSE OF FUNDS**

The principle intent of Part A/Title I funds is the provision of services to persons infected with the Human Immunodeficiency Virus (HIV) and those who have clinically-defined AIDS. CARE Act Title I funds provide direct financial assistance to TGAs throughout the country most severely affected by the HIV/AIDS epidemic. Funds must be used to develop and support a continuum of care for persons living with HIV/AIDS in the Norfolk Transitional Grant Area (TGA).

Ryan White Part A/Title I funds are for HIV/AIDS related services only. Research, epidemiological, and capital projects cannot be funded and will not be considered. According to current Office of Management and Budget (OMB) regulations, funds under this announcement may not be used for the following purposes: entertainment (amusements, social activities and related incidental costs), fundraising expenses, lobbying expenses and international travel.

Ryan White Part A/Title I funds are to be used as "payer of last resort" by all contracted providers. This means that before Ryan White funds are utilized, alternative-funding resources must be explored. Documentation of efforts to meet a particular need or provide a particular service must support the determination that other funding resources are unavailable and/or clients are ineligible for such funding. This is of the utmost importance in ensuring that limited available funding for direct service delivery is broadly used to serve the greatest number of persons living with HIV/AIDS and address their needs.

Federal Law strictly prohibits the use of CARE Act monies to supplant federal, state, or other local funds.

Special emphasis must be placed on high-risk, previously neglected, under-represented and underserved populations, and those persons who can no longer care for themselves or have no other care alternatives.

Funds awarded under Part A/Title I of the Ryan White C.A.R.E. Act may be used for services to individuals not infected with HIV **only** in the following circumstances:

- The service has as its primary purpose enabling the non-infected individual to participate in the care of someone with HIV disease or AIDS (i.e., Caregiver training for in-home medical or support service and support groups, counseling, and practical support that assist with the stresses of caring for someone with HIV)
- The service directly enables an infected individual to receive needed medical or support services by removing an identified barrier to care (i.e., Payment of premiums for a family health insurance policy to ensure continuity of insurance coverage for a low income HIV+ family member, or childcare for non-infected children while an infected parent secures medical care or support services).

- The service promotes family stability in coping with the unique challenges posed by HIV/AIDS (i.e., Permanency planning for infected and non-infected children of HIV+ parents, and mental health services, which focus on equipping non-infected family members and caregivers to manage the stress and loss associated with HIV).

## **PRIORITIZED SERVICES & REQUIREMENTS**

### **General Service Delivery Requirements**

Providers will demonstrate culturally competent and culturally congruent services for all populations regardless of gender, race/ethnicity, sexual orientation, and socioeconomic status.

Providers of services that are Medicaid certifiable must submit evidence of Medicaid Certification along with the proposal.

### **Minority AIDS Initiative (MAI)**

In 1999, the U.S. Congress earmarked funds appropriate under Title I (Part A) of the Ryan White C.A.R.E. Act to support efforts to improve the quality of care and health outcomes in communities of color; particularly those disproportionately impacted by the AIDS epidemic.

**Organizations applying for funding under the MAI service category must meet and document the following;**

- 1. Must have a history of serving minority populations impacted by HIV/AIDS.**
- 2. Indicate request for MAI funds on Proposal Form (Form A).**

### **Quality Management**

#### **Program Monitoring**

<http://hab.hrsa.gov/manageyourgrant/files/programmonitoringparta.pdf>

### **BUDGET GUIDELINES**

The following guidelines must be used while preparing budgets for all Ryan White Part A/Title I services.

1. Each budget submitted for review shall provide a separation of Program and Administration costs.

**a. Program Costs:** Costs incurred in providing direct services to clients.

Typical examples of direct costs include wages and benefits of employees who directly provide the service, and the cost of materials, equipment, and supplies used to provide the service. Case Manager, Substance Abuse Counselor, Physician, Housing Specialist, Mental Health Counselor, Driver (Transportation Provider), and Therapists are some examples of direct service employees.

**b. Administrative Costs:** Costs incurred in administering a certain service or award. These costs are not directly related to client care and are characterized by activities that involve overall agency coordination.

Typical examples of administrative costs include general administration and general expenses (salaries and expenses of executive officers, personnel administration, accounting, the costs of operating and maintaining facilities, and depreciation or use allowances on buildings and equipment). Other examples of administrative employees include Project Administrator, Executive Director, Accountant, Bookkeeper, Policy Analyst and administrative assistant.

The legislation further defines administrative costs for first-line entities to include: overhead and indirect costs (indirect costs are allowable only with a federally approved indirect cost rate agreement and subject to the 10% cap), costs associated with management and oversight activities of specific programs under Part A/Title I, and cost

associated with program support such as Quality Management, Quality Control and related activities. Examples of costs included under management and oversight activities are costs associated with:

- Development applications and proposals
- Development and establishment of reimbursement and accounting systems
- Preparation of routine programmatic and financial reports, including the minimum requirements of completing the CARE Act Data Report (CADR)
- Compliance with contract conditions and audit requirements and
- Monitoring of and reporting on any subcontracts

**Administrative cost may be budgeted up to 10% of the total service expenditure for each service category. These costs must be specifically delineated, justified and included in the cost per unit calculation.**

Funds may be used to support specific HIV staff training that enhances an individual's or organization's ability to improve the quality of services to affected clients. The use of the funds for these purposes is administrative and inclusive in the 10% administrative cost cap.

Applicants should refer to the applicable OMB Circulars for additional guidance on the allowability and proper allocation of costs. [www.whitehouse.gov/omb/circulars/index.html](http://www.whitehouse.gov/omb/circulars/index.html)

In anticipation of multi-year contract extensions under this Request for Proposals, applicants must provide a projected unit cost of service for FY 2014/15 on the Budget Form (Form D) and the Budget Narrative Form (Form E) for each service category.

In the event an Independent Review Committee is used, information will be shared with the review panel as to an organization's previous performance, if any, in terms of contract compliance, specifically: the timeliness and accuracy of claims and reports submitted; record of attendance at vendor's meetings and client utilization data report submissions.

One (1) copy of each proposal shall be retained for official files and will become a public record after the award.

##### **D. FEDERAL GUIDELINES**

All providers must abide by the Federal guidelines governing Part A/Title I of the Ryan White CARE Act, including attached Federal assurances, certifications and governing cost principles.

Federal Policies & Guidelines clarifying the use of Ryan White Care Act Part A/Title I Funds can be found at [www.hab.hrsa.gov](http://www.hab.hrsa.gov).

##### **E. ELIGIBILITY**

All providers must have a written policy statement governing eligibility determination for all proposed service categories. This written policy statement must be consistent with the Ryan White Care Act legislation and the Norfolk TGA Grantee's policy on eligibility. (Please submit a copy of this policy statement with proposal.)

##### **F. LIMITS ON FEES TO CLIENTS RECEIVING SERVICES FUNDED UNDER THE RYAN WHITE CARE ACT**

If an agency receives payment for services from any third-party payer, it must bill clients covered by Ryan White Part A/Title I Care Act funds using a sliding fee scale consistent with RWCA policy. An agency not receiving third party payment for services is not required to implement a billing and collection program in order to be in compliance with this requirement. Third-party payment is defined as "including reimbursement under any insurance policy or under any Federal or State health benefits program."

Clients' income must be assessed to establish their sliding fee scale (SFS) code according to the Federal Poverty Guideline (FPG). Clients who fall into code A (less than or equal to 100% of the Federal Poverty Level) may not be charged any fees for Ryan White funded services. Fees billed to clients may not exceed the stated percentages of their annual gross income within a 12-month period. Selected applicants will be asked to submit a current copy of service fees.

<u>Individual/Family Annual Gross Income</u>	<u>Maximum Allowable Annual Charge</u>
Equal to or below the FPG	No charge permitted
101 to 200 percent of the FPG	5% or less of gross annual income
201 to 300 percent of the FPG	7% or less of gross annual income
More than 300 percent of the FPG	10% or less of gross annual income

#### **G. GRANT AGREEMENT PROCESS**

The contract may be continued for an additional time period upon written agreement of both parties in such case as: 1) the Greater Hampton Roads HIV Health Services Planning Council has prioritized the service for the continuation period; 2) sufficient funds are allocated through the appropriate Planning Council processes; 3) funding is anticipated to be available through Part A/Title I; and 4) with satisfactory performance of contractual obligations, acceptable progress towards stated objectives and consumer satisfaction with provided services.

#### **H. REIMBURSEMENT**

The Provider agrees to accept award of funds under this agreement on a cost reimbursement basis. Providers must invoice the City on a monthly basis, on or before the fifteenth working day of each month. Reimbursements are subject to satisfactory provision of all required reports. It is anticipated that the City will reimburse for services rendered within 30 days of the receipt of invoices deemed correct and acceptable. Appropriate documentation such as transaction reports, time and effort reports and/or salary statements, purchase receipts, contractual invoices, etc. is required with all requests for reimbursement. Failure to accurately complete supporting documentation will result in non-reimbursement. Client identification is required as part of all reimbursement requests using the HRSA mandated unique client identification number. All reports are subject to on-site verification and audit of provider records.

#### **I. TIME AND EFFORT REPORTING**

The successful applicant will be responsible for maintaining time and effort reports. In accordance with guidelines contained in the federal OMB circulars, recipients of federal grants are required to document all personnel charges to grants and contracts. The distribution of salaries and wages to grants or contracts must be supported by personnel activity reports that account for the total activity for which an employee is compensated.

The successful applicant shall adhere to the applicable cost principles contained in OMB circulars A-21, A-87 and A-122.

It is understood that the City of Norfolk is bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of the agreement.

#### **J. AUDITS**

Providers shall comply with the audit and reporting requirements defined by the Federal Office of Management and Budget Circular A-133 as applicable. The provider is required to maintain an accounting system in accordance with generally accepted accounting principles. Organizations who receive more than \$500,000 in federal funds must submit a copy of their most recent OMB A-133 audit with their application. Whenever an audit shows an expenditure that is not allowable under the grant or evidence that the provider has failed to

discharge its obligation to account for the expenditure of the grant funds, the expenditure will be disallowed. The provider agrees to reimburse the City for final disallowances within 30 days of the receipt of written notification of disallowance.

#### **K. REPORTS**

Providers must submit all reports to the City for each individual contract for which a grant has been awarded, by the date(s) and time(s) specified. These reports may include, but are not limited to the following:

### 3. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in

connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the under- signed, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code.

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### 4. CERTIFICATION REGARDING PROGRAM FRAUD CIVIL REMEDIES ACT (PFCRA)

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

#### 5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan

guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any sub awards, which contain provisions for children's services and that all sub recipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.
